Create MFA policies

Description

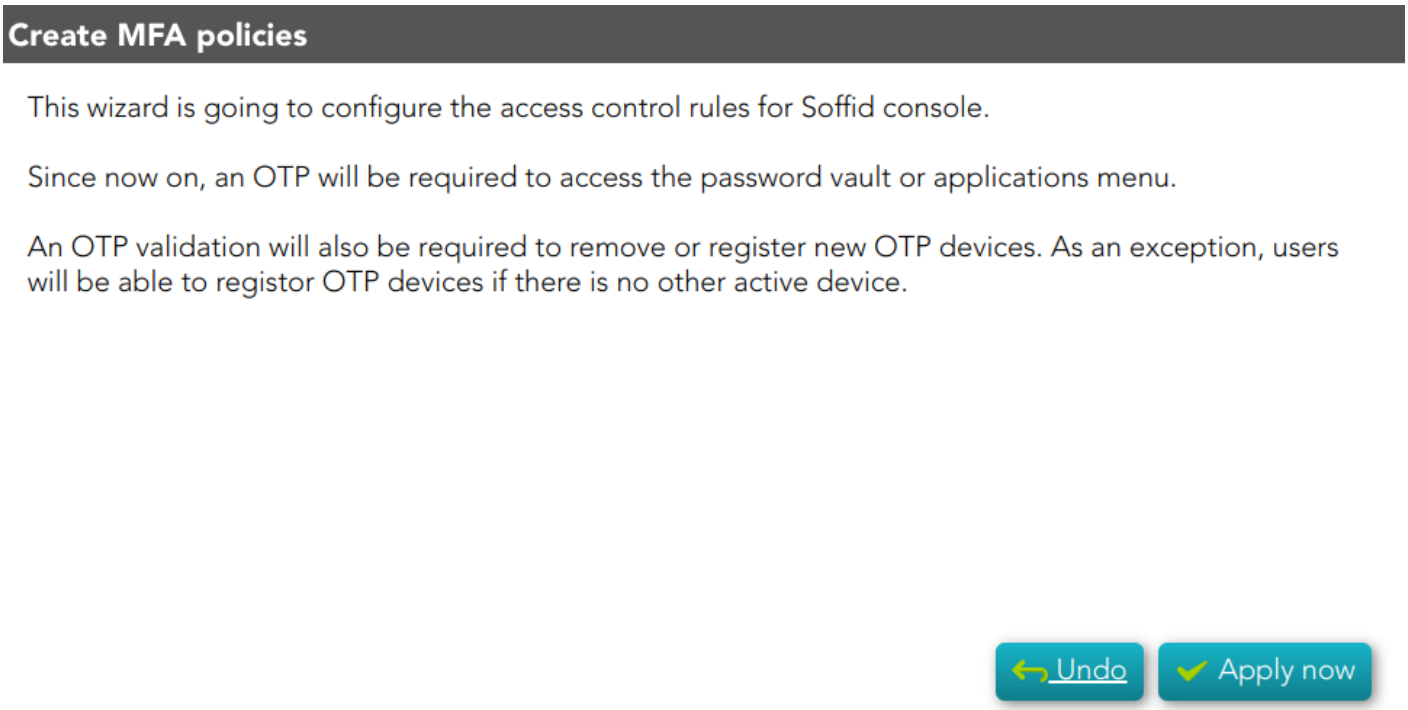

This wizard allows you to configure the access control rules for Soffid Console. By default, an OTP will be required to access to the Password vault or application menu.

You can check the configuration in the following menu option: `Main Menu > Administration > Configuration > Security settings > Authentication`

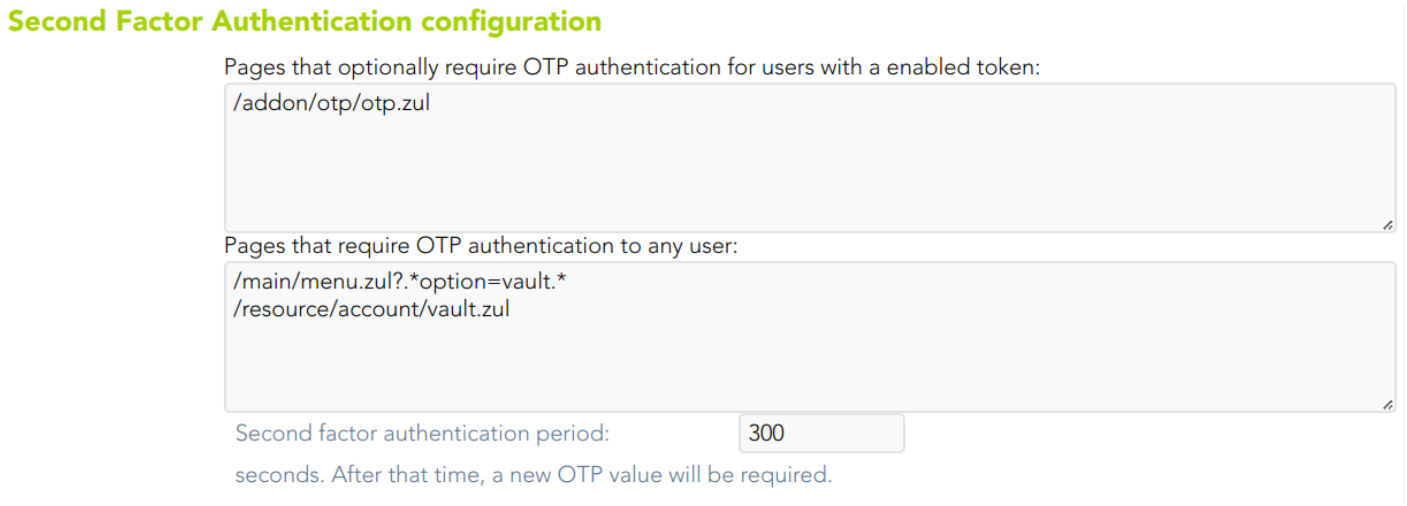

> For more information, you can visit the Two-factor authentication (2FA) book and the Second Factor Authentication configuration

Step-by-step

1. Once you select the *Create monitoring and reporting policies* option, Soffid will launch the following wizard

2. If you click the Apply now button, Soffid will browse to the Authentication page, allowing you to configure the Second Factor Authentication.

3. To confirm the changes, you must click the Confirm changes button.
