Step 9. Tools to check Soffid PAM

Introduction

Soffid offers the tools to consult all the information related to PAM. With these tools we can consult:

- Accounts enabled for jump server.
- Accounts with elevated privileges.
- Jump server sessions.
- Storage used by the PAM storage server.
- Free storage per PAM storage server.
- User with access to PAM jump servers.

We can also consult the content of the recordings of the sessions performed.

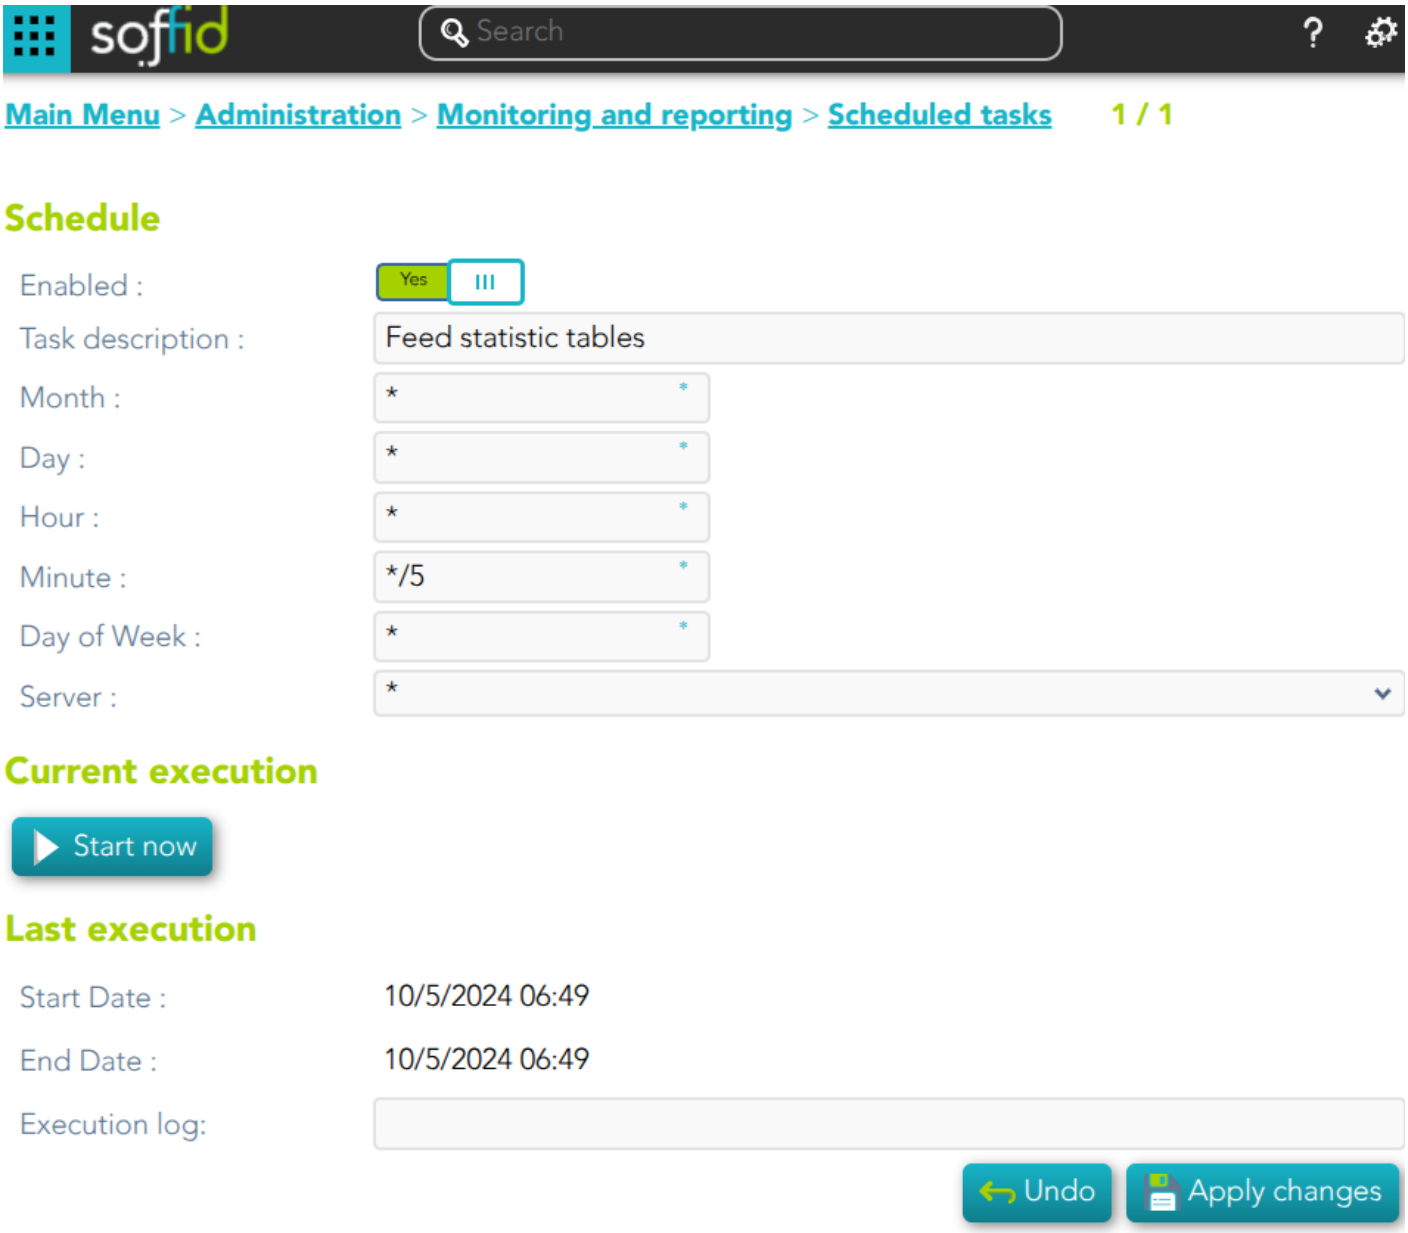

Step 9.1. Privileged accounts dashboard

Step-by-step

1. To activate the **Privileged accounts dashboard** view you will need to enable the **Feed statistic tables task** on the Scheduled tasks page.
