

# My tasks

## Description

Displays the task in which the user is involved like a supervisor, manager, or person who has to approve or deny that task.

My task provides information about the process, the task, the start and due date and the assigned user. By clicking a record, it will be shown the task details and to perform actions will be allowed.

Manual tasks are assigned to named users, groups or roles. Whatever strategy is followed, each one of the assigned users will see that task at their tasks page.

You can differentiate tasks by their highlighted style:

- **Normal**: started task
- **Highlighted Blue**: due task
- **Highlighted Bold**: new task

The purpose of My tasks as a part of **Self Service Portal** is to reduce the workload of IT department, as well as improve overall security of IT system. Soffid console is concerned about task delegation and workflow management.

## Screen overview
