Look & feel

Definition

> Soffid's Look & feel page allows you to adjust the Console styles to your organization.

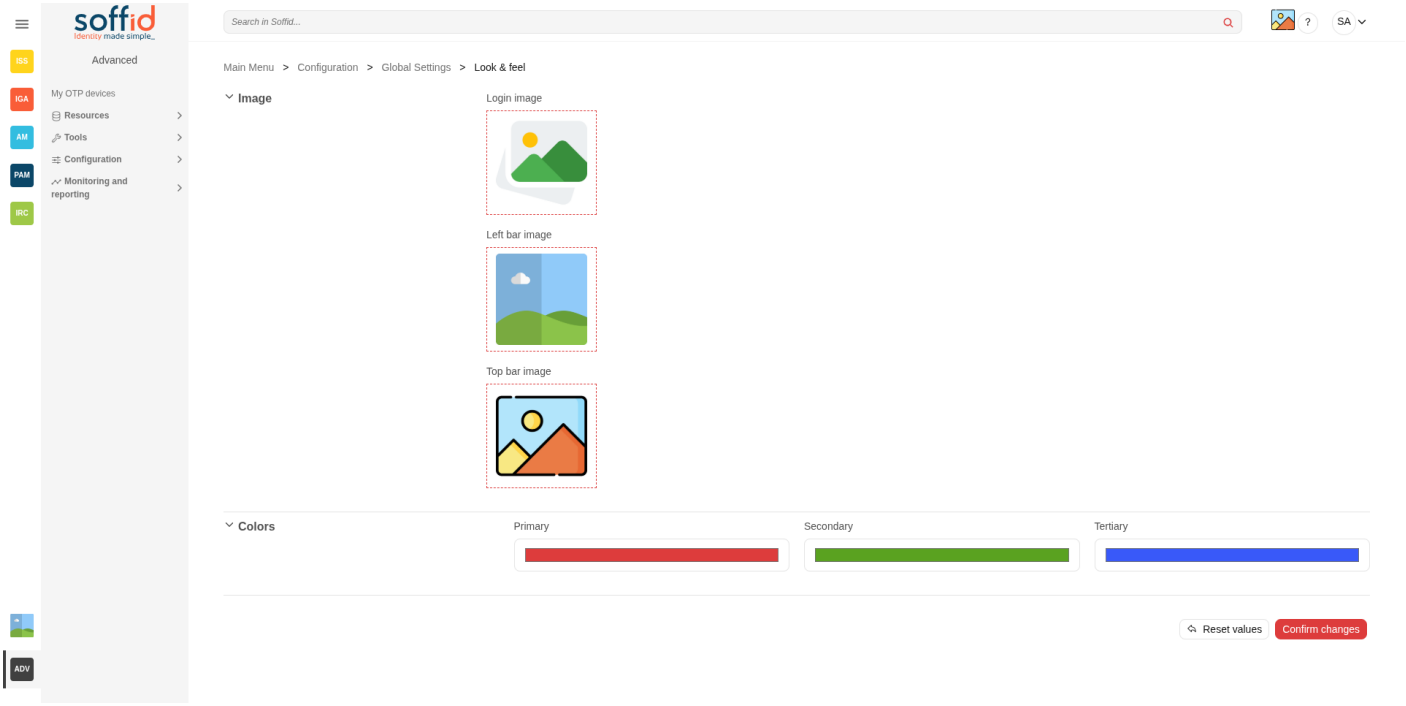

In this configuration page, the customization of two sections is allowed:

- Images:
  - You can change the image of the logo that appears on the login page.
  - You can change the image of the logo that appears in the left bar.
  - You can change the image of the logo that appears in the top bar.
- Colors:
  - You can change the colors of the Soffid components and text.

Changes made on this page affect the entire Console.

> Some changes may require updating the browser several times because some items are in the browser's cache.

Screen overview

Standard attributes
