Sample configurations

Sample configurations

- WebSSO configuration for Drupal
- WebSSO configuration for PHPBB

WebSSO configuration for Drupal

Add the following settings to Apache:

```
<Location />
 ShibRequireSession off
 ShibRequestSetting applicationId drupal
 AuthType shibboleth
 Require shibboleth
</Location>
 SoffidOnLoadScript .* .* 60000 /etc/apache2/soffid/drupal-login.js
 SoffidPostData /?q=user system=ldap account=name password=pass
```

Finally, next is the login script

```
debug ("*****************************************************************************");
debug ("****************** LOGIN ON DRUPAL *************************");
debug ("*****************************************************************************");
debug (document.url);
user = document.getElementById("edit-name");
pass = document.getElementById("edit-pass");
debug ("*****************************************************************************");
if (user != undefined && pass != undefined)
{
   account = secretStore.getAccount("ldap");
   found = false; // Any error message found
   if (account != undefined)
   {
       user.setAttribute("value", account);
   } else {
       user.setAttribute("value", "AUTO-LOGIN");
       found = true;
   }
   user.setAttribute("readonly", true);
```

```
    pass.parentNode.setAttribute("style", "display:none");
    errors = document.getElementsByTagName("div");
    for (i = 0 ; ! found && i < errors.length; i++)
    {
        if (errors.item(i).getAttribute("class") == "messages error")
        found = true;
    }
    if (! found)
    {
        body=document.getElementsByTagName("body").item(0);
        div = body.addChild("div");
        div.setAttribute("style", "width: 90%; height: 90%; position: absolute; top: 5%; left: 5%; z-index: +10;
background-color: #7F9FC2; color: white; opacity: 0.9; display: table-cell; text-align: center; vertical-align:
middle; line-height: 90px; font-size: 250%; ");
        div2 = div.addChild("div");
        div2.setAttribute("style", "width: 100%; height: 40%;");
        div.addChild("span").setText ("Logging in. Please wait ....");
        body.setAttribute("onLoad", "document.getElementById('edit-submit').click();");
    }
    document.getElementById("edit-submit").setAttribute("style", "display:none");
}
// Change login / logout button
anchors = document.getElementsByTagName("a");
for (i = 0 ; i < anchors.length; i++)
{
    if (anchors.item(i).getAttribute("href") == "/?q=user/logout")
        anchors.item(i).setAttribute("href", "/Shibboleth.sso/Logout?return=http://www.soffid.org/");
    if (anchors.item(i).getAttribute("href") == "http://drupal.soffid.org/user")
    {
        anchors.item(i).setAttribute("href",
"/Shibboleth.sso/LocalLogout?return=http://www.soffid.org/Shibboleth.sso/Login%3ftarget=http://www.soffid.org
/%3fq=user");
        anchors.item(i).setText("Login / Register");
    }
    // Remove link to change user attributes
    if (anchors.item(i).getAttribute("href") == "/?q=user/59/edit")
        anchors.item(i).setAttribute("href", "/");
}
```

WebSSO configuration for PHPBB

The following attributes must be added to apache configuration

```
<Location />
        ShibRequestSetting applicationId forum
        ShibRequireSession off
        AuthType shibboleth
        Require shibboleth
</Location>
<Location /ucp.php>
        ShibRequireSession on
        ShibRequestSetting requireSession true
        AuthType shibboleth
        Require valid-user
</Location>
SoffidOnLoadScript 'index.php$' .* 20000 /etc/apache2/soffid/forum-front.js
SoffidOnLoadScript '/ucp.php$' .* 20000 /etc/apache2/soffid/forum-ucp.js
SoffidOnLoadScript '/posting.php$' .* 20000 /etc/apache2/soffid/forum-posting.js
SoffidPostData '/ucp.php\?mode=login' system=ldap account=username password=password
```

Now, the following scripts must be added:

forum-front.js

```
// Script to remove user & password from front page
//
debug ("*****************************************************************************");
account = secretStore.getAccount("ldap");
debug ("Account = "+account);
debug ("*****************************************************************************");
user = document.getElementById("username");
if (user != undefined)
{
	fieldset = user.parentNode;
	children = fieldset.childNodes;
	for (i = 0; i <  6; i++)
	{
		children.item(i).setAttribute("style", "display:none");
	}
	if (account != undefined)
	{
		user.setAttribute("value", account);
		user.setAttribute("readonly", true);
		user.setAttribute("style", "");
	}
	fieldset.setAttribute("style", "display:none");
}
// Change login button
anchors = document.getElementsByTagName("a");
for (i = 0 ; i < anchors.length; i++)
{
    if (/.*\/ucp.php\?mode=login.*/.test(anchors.item(i).getAttribute("href")))
    {
      anchors.item(i).setText("Login / Register");
    }
}
```

forum-ucp.js

```
// Script to perform login / logout actions
//
account = secretStore.getAccount("ldap");
if (request.params["mode"] == "login") {
  user = document.getElementById("username");
  account = secretStore.getAccount("ldap");
  if (user != undefined)
  {
      user.setAttribute("value", account);
      user.setAttribute("readonly", true);
      pass = document.getElementById("password");
      fieldset = pass.parentNode;
      dl = fieldset.parentNode;
      dl.setAttribute("style", "display:none");
      div = dl.parentNode;
      login = div.childNodes.item(4).childNodes.item(2).childNodes.item(2);
      login.setAttribute("id", "loginButtonToClick");
      body=document.getElementsByTagName("body").item(0);
                  div = body.addChild("div");
                  div.setAttribute("style", "width: 90%; height: 90%; position: absolute; top: 5%; left: 5%; z-
index: +10; background-color:  #7F9FC2; color: white; opacity: 0.9; display: table-cell; text-align: center;
vertical-align: middle; line-height: 90px; font-size: 250%; ");
                  div2 = div.addChild("div");
                  div2.setAttribute("style", "width: 100%; height: 40%;");
                  div.addChild("span").setText ("Logging in. Please wait ....");

      script = body.addChild("script");
      script.setAttribute("type", "text/javascript");
      script.setText("onload_functions.push('document.getElementById(\\'loginButtonToClick\\').click();');");
  }
}
if (request.params["mode"] == "logout") {
      logout ();
}
if (request.params["mode"] == "reg_details") {
      // Remove change details link
      fieldsets=document.getElementsByTagName("fieldset");
      for (i = 0; i < fieldsets.length; i++)
      {
            fieldsets.item(i).setAttribute("style", "visible: false;");
            fieldsets.item(i).remove();
      }
}
```

forum-posting.js

```
// Script to perform login on post
//
   user = document.getElementById("username");
   if (user != undefined)
   {
       if (secretStore != undefined)
       {
             account = secretStore.getAccount("soffid.org-ldap");
             user.setAttribute("value", account);
       }
       user.setAttribute("readonly", true);
       pass = document.getElementById("password");
       fieldset = pass.parentNode;
       dl = fieldset.parentNode;
       dl.setAttribute("style", "display:none");
       div = dl.parentNode;
       login = div.childNodes.item(4).childNodes.item(2).childNodes.item(1);
       login.setAttribute("id", "loginButtonToClick");
       body=document.getElementsByTagName("body").item(0);
       div = body.addChild("div");
       div.setAttribute("style", "width: 90%; height: 90%; position: absolute; top: 5%; left: 5%; z-index: +10;
background-color:  #7F9FC2; color: white; opacity: 0.9; display: table-cell; text-align: center; vertical-align:
middle; line-height: 90px; font-size: 250%; ");
       div2 = div.addChild("div");
       div2.setAttribute("style", "width: 100%; height: 40%;");
       div.addChild("span").setText ("Logging in. Please wait ....");
       // body.setAttribute("onLoad", "document.forms[1].submit()");
       script = body.addChild("script");
       script.setAttribute("type", "text/javascript");
       script.setText("onload_functions.push('document.getElementById(\\'loginButtonToClick\\').click();');");
   }
```
